

# ICE MAN WALLS ONE HOUR LOST

## Rails at Farmers Who Helped Defeat Daylight Saving Plan.

The ice man threw a 16-cent piece of "the solid condition assumed by water below 32 degrees Fahr.," as the dictionary has it—into the vestibule where it hid itself coyly behind the mat.

"Well," he said, "mopping his brow which was covered with more or less honest sweat, 'what's Congress goin' to do next? They've smashed the daylight savin' plan to pieces.' 'I didn't say 'pieces,' but in 'many' journals it must read that way.

"Those farmers make me sick. What difference does it make to a cow whether she's milked at 6 by the clock or by the sun? But it makes a big difference to us what time we have to get up to go to work. Them rubes say: 'Nature knows what she's doin'.' But nature don't. If nature had any sense at all, she'd make water freeze in summer and get warm in winter. But does she? No. She gives you ice in winter, when you don't need it, and in summer, when you'd like to have it lyin' around some poor boob like me has to stay up all night to bring it to you.

"They take all our money away for taxes and they take all our liberties away for sun. And now they take our daylight away and deprive us of what little time for recreation we ever had. It's tough. I tell you."

He lit a match cleverly with his thumb nail, scorching it only a little bit.

"If that woman don't come and get her ice she'll have to take it in with a sponge."

# The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trumpet When Call of Motherhood Is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Thousands of women with every ingredient of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.

Write the Bradfield Regulator Company, Dept. F, Lamar Building, Atlanta, Ga., for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.—Adv.

# DEAR FOLKS:

LET me tell you about a Wilson & Company party given by the members of the Fellowship Club of the New York plant at the Waldorf Hotel last Wednesday night. It was given in honor of Thomas E. Wilson, president of the company, who recently returned from Europe, where he visited his branch offices there. He made a special trip from Chicago to fraternize with his fellow-workers in New York.

The New York Fellowship Club has an active membership, and the members are very proud of it, so they wanted to show Mr. Wilson how it measures up alongside of the other Fellowship Clubs that exist in other plants around the country.

But most of all, they wanted to show Mr. Wilson how much they appreciate his efforts in grouping his 25,000 workers into one big, happy family, where all share in the generous distribution of good will, rewards and privileges.

I think it is great that one man has the power and ability to lead so many people into pleasant paths and make them proud in his leadership.

The evening party opened with a performance by a minstrel troupe composed of workers, whose singing and acting and conversation delighted the members and their wives who were present. After this part of the program had been carried out, Mr. Wilson was introduced and the cheers that greeted him testified to his popularity among his fellow-workers.

It is easy enough to detect the difference between a genuine and a forced ovation; one is spontaneous; the other shows it is given because it is expected.

When, however, hundreds of men and women stand and cheer and applaud and wave handkerchiefs—and do so impulsively and heartily—then there is no doubt about the spontaneity of it, nor is there any doubt about their liking and honoring the man.

Mr. Wilson talked to them very briefly, but he said what was in his heart to say, and he said it so sincerely that his fellow-workers knew that he meant every word. The secret of Mr. Wilson's success in his great business of supplying people with his company's CERTIFIED FOOD PRODUCTS—such as hams and bacon, canned meats, vegetables and table delicacies—all backed up also by the slogan, "THE WILSON LABEL PROTECTS YOUR TABLE"—is due to the faith he has in his fellow-workers and to their faith in him. He says so—they say so—and that's all there is to it—except, of course, that all feel their responsibility in the preparation of the Wilson & Co. products just the same as they feel bound in any other play on the level with one another.

It is out of the question for people living in the same household to act true-blue in one direction and false to another—and in this particular household, don't forget, there is absolute harmony as affecting the spirit, the thoughts and the action of every member thereof.

Mr. Wilson remained with his fellow-workers one of the liveliest and most agreeable members of the party until the evening's gaieties ended.

And so goes along merrily and happily the building of a great organization in matters more important than mere cold business calculations.

Sincerely yours,  
WILLIAM C. FREEMAN,  
250 Fifth Avenue, New York City.—Adv.

# "SAFETY FIRST" CLASS IN SCHOOLS MONDAY

Half an hour of the school day next Monday has been set aside by Superintendent of Schools Ernest L. Thurston for instruction of pupils in "safety first" precautions.

In a letter yesterday to the principals of high, normal and manual training schools, Superintendent Thurston urged the necessity of insuring the safety of children on the street, especially just before vacation.

Copies of a pamphlet on the subject by Maj. Pulliam, superintendent of police, will be distributed to all public school students.

# UNITES FOR PROMINENT BAND LEADER TODAY

Representatives from the various musical clubs of Washington will attend the funeral services of John N. Platorio, prominent band leader, to be held this morning at 9 o'clock in St. Thomas' Church, Eighteenth street, near Dupont circle.

Platorio failed to recover from two operations which he underwent at Garfield Hospital, dying Tuesday before his wife could reach his bedside. He had long been connected with the Marine Band and numerous other musical organizations.

He is survived by his widow, Mrs. Elizabeth N. Platorio, and a daughter, Irene. Interment will be in Rock Creek Cemetery.

# GOVERNMENT PRINTING OFFICE NEWS

Although no announcement has been made, the belief seems to be general among the more hopeful that tomorrow will inaugurate the regular summer half holidays, unless some unlooked-for pressure of work intervenes. It is felt that as the force gave up half days in 1917 and 1918, worked many hours overtime, and has been under a constant strain all through the war, the full number of holidays should be given them, now that the war rush is over.

The Women's Bindery Union was addressed Monday night by Miss Mary Anderson, just returned from the Peace Conference, where she represented women workers in the labor section. In the interest of the Women's Trade Union League she related her experiences and observations of the working conditions in England and France. Miss Ethel M. Smith also addressed the members on trade unionism and the progress being made in the District. Twelve new members were admitted at this meeting.

Harvey D. Best, formerly of the G. P. O., and now with the Lansdon Monotype Company, of Philadelphia, visited the shop Wednesday in his capacity as assistant to the president of the company.

Frank Lannan ruled a rather difficult job the other day. It was ruled in three shades of orange, on onion-skin paper, and was a creditable piece of work. Frank mixed his ink from a formula entirely original.

Lafayette D. Weeks, assisted by Walter Welch, is taking a census of all the type standing in the linotype section. Some job, and millions of ems.

Misses Rebecca Fuller, E. Barrett, E. Leaman, Mary Mahoney and Marjorie and sewing section to the ruling and seeing section to the pamphlet bindery.

Arthur H. Redfield, son of Harry J. Redfield, of the proof section, and a brother of Walter L. Redfield, of the linotype section, who has been in Europe since February representing the Department of Commerce at The Hague, is expected home next month.

Valentine Ruff is supervising during the absence of Assistant Foreman Gerberich, on leave from the hand section.

Miss Margaret Middleton is the proud possessor of an oil painting done by Bob Fralley, a bookbinder on the fifth floor. The picture has been on exhibition for several days, and has elicited much admiration. William Reid contributed the frame for the picture, which represents a water scene in Rock Creek Park.

The District Department of the Spanish War Veterans will hold its encampment in Pythian Temple tomorrow. The first session is at 1:30 p.m. and the second at 6 o'clock. Nomination of officers for 1920 is the principal business of the meeting.

Fred Lohmeyer, of the job section, and Norman K. Berry, of the purchasing division, are spending the week in Atlantic City.

George Burkin, of the day proofroom, spent Saturday afternoon and Sunday last on a fishing trip at Benedict, Md.

Bert Elliott, formerly of the day proofroom, was a visitor at the office last Monday.

William Shreve, of the linotype section, expects to take an auto trip through the Shenandoah Valley next week.

Benjamin A. Liffback, our musical director, has been absent from the proofroom several days because of illness.

At the rate bookbinders have been leaving the shop there soon will be little need for that proposed "drastic action."

# WOUNDED HERO 'CAPTURES' AUTO

## Former Terror of Huns Takes Car from Driver At Point of Pistol.

Nashville, Tenn., June 19.—Howard Moore, of Mobile, Ala., wounded at Chateau Thierry and winner of three medals and eleven citations for heroism, languishes in jail here for stealing an automobile with the aid of two other returned veterans. The soldiers wanted an auto to make a trip to Birmingham.

They engaged a chauffeur to run them some distance from the city, held him up at the point of a revolver and handed him a tree. They were arrested in the stolen car as they arrived in Huntsville, Ala.

# BUREAU OF ENGRAVING AND PRINTING NEWS

The Bureau Band is in an alarming condition, due to inability to get the members together on one shift for rehearsals. The situation demands quick action if the organization is to be continued. The meeting Sunday morning will be very important, and a full attendance is expected.

George Riley, electrician, who accompanied the Mystic Shrine to Indianapolis last week, has been granted another week's leave. On his way home he stopped at Atlantic City.

William Crumb, of the carpenter shop, is on leave.

Miss Ida M. Murray, of section 3, was married to August Pickett, Sunday afternoon at 3 o'clock at Falls Church. Immediately after the ceremony the couple left for Alexandria, where they will spend their honeymoon. They will be at home in Kenilworth, D. C., in about two weeks.

The Bureau autoists are to be congratulated on the splendid manner in which they responded to a request for a "close up" parking of machines in the rear of the old Bureau. This co-operation on their part permits the parking of many more machines and helps considerably to relieve congestion.

John Albert Baxter, painter, has been granted leave for the week.

Miss Helen Hancock, of the stamp perforating division, was married to Lawrence LeDane, June 18, at St. John's Church, Morgantown, Md. They are on an extended honeymoon trip.

Starr Gibbs, machinist in the stamp gumming room, has returned to duty after a month's absence.

Theodore A. Rooney, superintendent of section 6, is back from a week's vacation and looking fit for some more hard work.

Herbert Olsen, of section 6, is sporting a new Commonwealth car.

Frank McCann, of the machine shop, is winding up his leave, and will be away for the remainder of the week.

The Girls' Union is giving a dance at Walter Reed Hospital tonight. They are planning some fine acts for the boys.

The wetting division reports the recent marriage of Miss Thelma Jones, of section 5, and Arthur Ooygen, of the wetting division. Ooygen served with the Belgian

# Navy Yard News

Quartermaster William Betts, W. McComas, R. Doyl and J. J. Fey have returned to the gun shop, after an automobile tour of 1,200 miles. The only trouble the men experienced was a broken spring on the side William Betts used.

Henry Sladek has been absent from the tool shop for some time.

George McEachran, of the sight shop, is absent, due to an injured eye.

Joe Tice, of the west gun carriage, will spend the week-end at Solomons Island.

Albert Lusby, of the torpedo tube shop, made his first fishing trip Tuesday evening. Lusby, who was fishing in the Tidal Basin, landed one fine mussel, a very rare catch, with a hook and line.

Beginning the 16th, all forces of the coopersmith shop were put on day shift.

William Robinson, of the tool shop, substituted last pay day for Roland Steiner, who collects dues for the Union Progressive Relief.

B. W. Bollinger, of the supply department, reports that his wife, who has been very ill, is improving.

Guy Skillman, shortstop of the torpedo team, and Johnnie Robey, center fielder for Cliffores, shared honors in the game played Tuesday for leadership of the Navy Yard League.

Who knows what became of Charlie Young, who used to be employed in the tool shop?

Bernard White postponed his trip to Atlantic City Sunday because he couldn't make train accommodations for the orders he received for salt water taffy.

Tommy Cook, manager of the Cliffores, and at one time on the local American League team, is playing his usual good game at first.

The broadside mount shop is rapidly moving into the old tool shop.

# TECH ALL SET FOR EXCURSION

## Macalester Will Make Three Trips with Alumni to Marshall Hall.

Three trips of the Charles Macalester will hardly accommodate the record crowd of Tech Alumni excursionists today to Marshall Hall, according to reports from the excursion committee.

Field, track and water events are features on the program. The water events will start in the morning after the arrival of the 10 o'clock boat. The field and track program will be staged in the afternoon when the 2:30 boat docks.

Frank C. Daniel, principal of Technical High School, will be honorary referee; William M. Apple, head life guard of the municipal bathing beach, will act as starter; and William C. Myers will be clerk of the course. The judges are C. W. Rippey, J. E. Smith and Louis Mattern.

The Macalester will leave Seventh street wharf at 10 a. m., 2:30 p. m. and 6:30 p. m. The excursion committee is composed of E. Dunbar, chairman; Miss D. Weckerly, J. E. Zearfos, H. A. Sotkin, William M. Apple, J. R. Roderick, H. R. Scott, Theodore Rooney and Roy F. Carty.

# WARRANTS FOR MORE SOFT DRINK SELLERS

Warrants for six more proprietors of soda fountain and soft drink establishments were sworn out yesterday afternoon by inspectors of the District Health Department, for violation of the District sterilization act.

The men accused were reported by the night force of the inspection division. It is alleged that in every instance unclean and unsterilized utensils were being used.

The night force, according to Dr. Ashworth, will be continued for an indefinite period.

# MAY EXPORTS LESS, BUT IMPORTS GAIN

May exports of the United States totaled \$28,000,000, the Department of Commerce announced yesterday. This is \$108,000,000 less than the record made in April, but is an increase of \$2,000,000 over May of last year.

May imports were the largest in history, \$328,000,000, a gain of \$50,000,000 over April and of \$6,000,000 over May, 1918.
